ABOUT ME

Motivated and detail-oriented individual with a strong foundation in programming, system design, and real-time data processing. Experienced in building interactive tech solutions that involve sensor integration, data handling, and user interface components. Demonstrated ability to analyze requirements, develop prototypes, and present technical solutions clearly and effectively. Quick to learn new concepts and passionate about applying technology to solve practical problems in innovative ways.

EDUCATION

2024 - Present
International Institute of Information Technology, Hyderabad

Bachelor of Technology

I am currently pursuing my Bachelor of Technology degree in Computer Science and Engineering, where I am building a strong foundation in programming, system design, and emerging technologies. My coursework includes data structures, algorithms, and hands-on projects in areas such as IoT and real-time data systems.

2022 - 2024
Narayana Junior College, Hyderabad

Intermediate
Completed my Intermediate education with a focus on Mathematics, Physics, and Chemistry (MPC). This period helped me develop strong analytical and problem-solving skills, laying the groundwork for my interest in engineering and technology.

2009-2022
Hindu Public School, Hyderabad

CBSE
Completed my Intermediate education with a focus on Mathematics, Physics, and Chemistry (MPC). This period helped me develop strong analytical and problem-solving skills, laying the groundwork for my interest in engineering and technology.

SKILLS

- Leadership
- Time Management
- Quick Learner
- Teamwork
- Communication
- Problem Solving
- Adaptability
- Collaboration
